Title: INDOLE COMPOUNDS USEFUL FOR THE TREATMENT OF CANCER

REMARKS

Applicants thank the Examiner for the courtesy extended during the interview of April 11, 2003. The Examiner requested that claim 11 be cancelled as it properly belongs with the group of claims (claims 1-9) that were cancelled in the amendment mailed on March 17, 2003. The amendments herein are to place the claims in condition for allowance by correcting the dependencies and proper reference to the compounds recited in independent claim 10. No amendments were made to narrow the claims. As a result applicants are entitled to a full range of equivalents upon allowance of the pending claims.

Claim 11 is cancelled, claim 49 is added and claims 10, 12, 13, 14, 15, 17, 18, and 19 are amended. As a result, claims 10, 12-23 and 49 are now pending in this application. Claim 49 is supported by the application at page 4, lines 13-19 and in Table 1 at page 20, lines 1-15. No new subject matter is added.
